

Some changes need to be made concerning media ownership rules. These need to be strengthened, not weakened.

The whole Sinclair Media Broadcastcasting Group debacle is a stain on our country's concept of freedom. The air waves are public, free of charge, and SHOULD BE USED (MUST BE USED) to serve the public interest.

This is NOT being done IF the SMBG goes ahead with the airing of Stolen Honor. It is forcing its stations to broadcast this ONE -SIDED program and is not what we need as an example of democracy.
